### DROWNED IN LAKE MICHIGAN.

Mate Morbach of the Schooner Tennie and Laura Lost in a Storm.

Milwaukee, Aug. 3.—After battling in vain for twelve long hours with storm and wind and waves on Lake Michigan Saturday night, Charles Morbach, mate of the little schooner Tennie and Laura, was drowned when his rescue seemed almost accomplished, and only heroic work by the captain and crew of the steamer Mark B. Covell saved the captain of the schooner, John Sather, from a similar fate. The wrecked schooner, which was built twenty-seven years ago, has probably been dashed to pieces by the waves before now, and its broken hull is drifting toward the shore near Port Washington. The wrecked vessel was loaded with slabs and was owned by Captain Sather.

Morbach was married and lived with his wife and five small children at North Muskegon, Mich.

### IN MEMORY OF POPE LEO.

Solemn Requiem Mass Celebrated by Bishop Mesmer.

Atlantic City, N. J., Aug. 4.—The third day's convention of the Catholic Federation of Societies was commenced with a solemn requiem mass in St. Nicholas' Catholic church in memory of Leo XIII. Right Rev. Bishop Mesmer of Green Bay, Wis., was the celebrant and Vicar General Fox of the Trenton diocese, preached, the subject being "The Late Pontiff." President Roosevelt sent a letter of regret.

The representative of Sioux congress, Mintani Hanska, addressed the convention in his native language. His remarks were interpreted to the convention by Father P. F. Dillman, S. J., the pastor of the Rosebud agency, South Dakota. In quaint language the chief said his people needed more priests, and he thanked the congress for the good its workers had done.

### MONTANA SHOOTING AFFRAY.

A. S. Shelley Kills One Man and Mortally Wounds Another.

Peony, Mont., Aug. 4.—B. G. Crawford was shot and killed and C. W. Alkire was mortally wounded Monday by A. S. Shelley.

### Passenger Train Strikes a Freight.

Indianapolis, Aug. 4.—A passenger train on the Peoria and Eastern division, of the Big Four ran into a freight train last night at Laura, killing Conductor Devlin of Indianapolis, and probably fatally injuring the engineer, fireman, and baggageman.

## CARDINAL SARTO IS ELECTED POPE

THE PATRIARCH OF VENICE NOW WEARS THE TIARA SO LONG COVETED.

### NEW POPE IS KIND HEARTED

ENDEARED TO ALL WHO KNOW HIM BY HIS GENTLENESS AND PURITY.

### BY SPECIAL CABLEGRAM.

Rome, Aug. 4.—Cardinal Sarto, Patriarch of Venice, has been elected pope.

Giuseppe Sarto was born in Riese, diocese of Treviso, June 2, 1835, and was created cardinal by Leo XIII at the consistory of June 12, 1893, receiving the title of S. Bernarda Delle Terme. He is also Patriarch of Venice since June, 1893, and Bishop of Mantua. He belongs to the ecclesiastical congregations of Bishops and Regulars, Sacred Rites, Indulgences and Sacred Relics.

Cardinal Sarto enjoys great popularity in his diocese, and is honored by all for his purity, for the strict uprightness of his life, and for liberal ideas. He is a modest and agreeable man, highly cultivated, very kind hearted, still strong and robust in spite of his sixty-eight years. He has never taken great part in the political and public life of the church, but divided his time between study and good works. Although most faithful to the holy see, he was presented to the king and queen of Italy in Venice.

He may be considered among the more liberal members of the Italian episcopate and sacred college. He is rather timid in expressing an opinion. It is said that Leo XIII always thought very highly of him, and sided with him on one occasion when Sarto disapproved of Rampolla's policy.

### FREIGHT TRAINS COLLIDE.

Six Men Killed and Two Others Seriously Injured.

Somerset, Ky., Aug. 3.—Through misunderstanding of orders two Queen and Crescent freight trains collided head on between Cumberland Falls and Greenwood, killing six men, fatally injuring one and seriously another. The bodies of Firemen Joseph Phillips, Frank Fletcher and Walters and an unknown man were recovered. The dead bodies of two brakemen, whose names were not learned, are known to be under the debris, where forty cars were wrecked. One of the engines was wrecked and the others badly damaged.

The remains of Phillips, Fletcher and Walters were brought to their homes in Somerset. Engineers Klein and Mainsworth both escaped by jumping, as did the rest of the trainmen.

### CONVICTS STILL AT LARGE.

Two Militiamen Killed in Battle With Outlaws.

Placerville, Cal., Aug. 3.—The convicts who escaped from Folsom prison are still at large. The five who engaged in a fatal fight with the pursuers at the Grand Victory mines Saturday night have not been seen since, and apparently have made a successful retreat.

The dead bodies of Fastus Rutherford and W. C. Jones, the two militiamen who were shot by the outlaws, were found Sunday morning where they had fallen. Al Gill, the national guardsman who was shot through one lung, is now expected to recover.

Two of the Folsom convicts were surrounded Sunday evening and a fight ensued. It is supposed that one of the convicts was shot by Glen Wedgewood. Wedgewood was shot in the hand by the convicts.

### THE TWENTIETH CHILD.

So President Roosevelt Sends Him a Check for \$100.

Pittsburg, Aug. 4.—A check for \$100 has been received from President Roosevelt for Theodore Roosevelt Signet, the boy born to Mr. and Mrs. William H. Signet of McKeesport, some weeks ago, and which is the twentieth child born to Mr. Signet. The money has been placed in bank to the credit of the baby, the interest to accumulate until he is twenty-one years old.

### SUGAR FROM PUMPKINS.

Minnesota Factory Will Try a New Process.

Sauk Rapids, Minn., Aug. 4.—A factory where sugar will be manufactured from pumpkins is being put in at Foreston. H. P. Stanchfield is president of the company and inventor of the new process of getting sugar from the homely vegetable fruit.

The enterprise is in the hands of the Minnesota Syrup, Oil and Vinegar company and operations will begin Sept. 1.

### CONTINUE TO SPREAD.

Labor Troubles in Russia Becoming More Serious.

London, Aug. 4.—The correspondents of the Times report the continued spread of labor troubles and prolonged suspension of traffic on the Baku-Tiflis railway, which runs through the Caucasus, connecting the Black and the Caspian seas, with the result that the intervening towns between Baku and Tiflis are partially famine-stricken. Even Tiflis has been deprived of meat for some time. Incendiary fires among the oil wells in the Baku district are of daily occurrence. The situation is so serious that General von Wahl, the assistant minister of interior, who is in command of the gendarmes, has gone to Baku. Many Cossacks are reported to have been killed in encounters with mobs. Cossacks patrol Baku nightly and every tramcar is accompanied by two armed soldiers.

Strikes are reported epidemic throughout South Russia. Twenty-five thousand men are idle at Odessa and the bulk of the workmen at Elizabethgrad, Ekaterinoslav and Nikolaev and other large cities have struck. The main grievances of the workmen, the Times correspondents say, are the impossibility of the long hours, inadequate wages and liability to dismissal on trivial pretenses. Thus far no serious disorders have occurred at Odessa.

### PASSENGER TRAIN WRECKED.

Twenty-five People Injured at East Portsmouth, O.

Portsmouth, O., Aug. 4.—The south-bound Norfolk and Western passenger train No. 8 was wrecked at East Portsmouth at noon by the rails spreading. The engine left the track and turned over and Engineer Billy Simonton of Columbus, O., was caught under the wreckage and fatally injured. Fireman S. N. McDonald of Portsmouth was probably fatally injured also; his ribs are broken and he is internally injured. The train was running at the rate of fifty-five miles an hour when the accident happened. Twenty-five people were more or less injured but the most seriously hurt outside of the engineer and fireman were: Orville Oaks, J. M. W. Crawford, John Wilhelm, John Ballard and J. L. Kelley.

### OFFERED FOR PROBATE.

Six Wills of General Clay Before Madison County Court.

Richmond, Ky., Aug. 4.—Six wills of the late General Cassius M. Clay were offered Monday in the Madison county court. The probating of each was objected to by the legal heirs of C. M. Clay. Objection was sustained by the court, and each of the wills was endorsed "offered."

The court set Sept. 2, the next county court day, as the time when the question of probating all of Clay's wills would be taken up. Other wills are expected to be offered on or before that date.

### RESCUES FOUR PERSONS.

Chicago Man Saves Wisconsin People From Drowning.

Chicago, Aug. 4.—Postmaster F. E. Coyne rescued two women and two men from drowning in Lake Michigan. He was cruising in his launch when a squall came up. The small yacht, in which were the four unfortunate, capsized. Mr. Coyne headed against a heavy and dangerous sea and dragged the two exhausted women aboard, after they had clung for a desperate half hour to the overturned yacht. Then he hauled the men out of danger, and took the whole party ashore.

### KILLS HIS BROTHER'S WIFE.

Dode Carrington Commits Murder and Makes His Escape.

Danville, Ill., Aug. 4.—Dode Carrington, who has served two terms in the Indiana penitentiary, last night shot and killed his brother's wife at Grape Creek. A few years ago Carrington killed a man near Terre Haute, and at South Bend, while out on parole, shot and seriously injured another. Last night while with his brother and wife, whom he was visiting, Dode picked up a shotgun and killed his brother's wife. Carrington escaped on a freight train. The brother has been arrested.

### RESULT OF THE KING'S VISIT.

Archbishop Walsh May Be Appointed to the Irish Privy Council.

London, Aug. 4.—According to the Chronicle, it is not impossible that the king's visit will result in the appointment of Archbishop William H. Walsh of the diocese of Dublin, to the Irish privy council. Hitherto no Catholic prelate has been on the council, but it is said to have been a cherished dream of Lord Beaconsfield to have on the council a prelate possessing the confidence of the Irish people and of the pope.

### MUTILATED AN INVALID.

Indiana Mob Searching for the Two Guilty Negroes.

Hartford City, Ind., Aug. 4.—George Hearshey, an invalid, aged nineteen, while hunting squirrels on his father's farm Monday, was approached by two negroes. They grabbed the boy, searched his clothing for money and finding none, tore his clothing from him. While one negro held him another mutilated him with a knife. The boy went home and told his father, who mounted a horse and called for volunteers to wreak vengeance on the negroes. Two hundred men and boys joined in the chase. Neighboring farms and towns were warned by telephone and the country was scoured. No trace of the negroes was found. The hunt proceeded till nightfall. Sheriff Horigal, with a detachment of deputies and policemen, followed the mob to prevent a lynching if possible.

## CROWD DISAPPOINTED

THIRD DAY PASSES WITHOUT A SUCCESSOR TO THE LATE PONTIFF BEING CHOSEN.

### AGED CARDINALS SUFFERING

PROLONGED INCARCERATION AND INTENSE HEAT AFFECTS TWO OF THE PRELATES.

Rome, Aug. 4.—After three full days of deliberation, during which six ballots have been taken, the members of the conclave still remain shut up in the vatican without having selected a successor to Leo XIII. The futility of both the ballots taken Monday was evidenced by the smoke which rose from the Sistine chapel. This mute signal last evening was watched by another large crowd which partly filled the square of San Pietro, and numbered about 15,000 persons. Great disappointment was manifested and when the little puff of smoke appeared there were loud cries, not only of disappointment, but even of derision.

Rome is becoming extremely impatient over the delay in the selection of the new pope, concerning which there appears to be no definite explanation, owing to rigid secrecy with which the proceedings within the conclave are guarded. Monday practically the only news which came from the Sistine chapel was that of the extremely grave illness of Cardinal Herrero. It is presumed, however, that the other aged cardinals are also suffering from their prolonged incarceration and the intense heat.

Among ambassadors and ecclesiastics there exists a general opinion that if only for the sake of relieving the aged cardinals, much may be sacrificed within the conclave to arrive at a speedy conclusion.

### Factions Remain Compact.

Out of all the rumors and gossip afloat concerning what is taking place in the conclave, the most persistent report is to the effect that the Rampolla and Serafino Vannutelli factions have remained compact and that the attempt of one faction to press forward a new candidate in the hope of breaking the strength of the other had failed.

The Italia says that matters have reached a point which presages the possibility of the election of a foreign pope, and that Cardinal Kopp, bishop of Breslau, who is most frequently mentioned in this connection, has the support of the German emperor. If this is true, the Italia interprets it as a move on the part of the Rampolla faction to win over the Austro-German cardinals from Serafino Vannutelli.

The Osservatore Romano, the organ of the vatican, officially announces that Cardinal Herrero y Espinosa, being gravely ill, has received the last communion. Those who are superstitious are saying that as the conclave opened on St. Ignatius Loyola day it will probably close Tuesday, the day of St. Dominic, one of the fighting saints in the calendar, thus fulfilling the prophecy of St. Malachi, who predicted that the motto of the next pope would be "Ignis Ardens."

### Believe a Pope Is Elected.

There are those who profess to believe that a pope has already been elected, but that the fact is kept secret. They recall that in August, 1740, Cardinal Lambertini was elected pope in the evening, but that the conclave postponed the proclamation of his election until next morning.

Mgr. Bonifacio Marin, the vicar general of his archdiocese (Valencia), was admitted to the conclave Monday, the door being opened for that purpose with all the prescribed precautions. Outside were the governor and the marshal of the conclave, assisted by captains of the guard. The apostolic protonotaries and the sons of Prince Chigi acted as witnesses. Inside the door when it was opened were Mgr. Merry del Val, secretary of the consistorial congregation, Mgr. Roggi, prefect of ceremonies, and Mgr. Marzolini. The record of the admission of Mgr. Marin was officially recorded in a formal document which will be placed in the archives.

It is reported that when Cardinal Sarto, Patriarch of Venice, received the good wishes of his friends, he replied, smilingly: "Oh, no. I purchased a return ticket when I left Venice."

Cardinal Sancha y Hervas, archbishop of Toledo, Cardinal Casanas y Pagos, bishop of Barcelona, and Cardinal Martin de Herrera y de la Iglesia, archbishop of Santiago, insisted upon remaining at the bedside of Cardinal Herrero y Espinosa during the night.

The Spanish cardinal was also visited during the evening by many of his other colleagues, including Cardinal Gibbons. Cardinal Vives y Tuto is confined to his cell, being slightly indisposed.

### WITH SHOTGUNS AND PISTOLS.

Hundreds of Men Pursuing Negro Who Wounded an Officer.

Smyrna, Del., Aug. 4.—Constable James D. Wright was shot in the abdomen and fatally wounded last night by Fletcher Hollis, a negro whom he was trying to arrest. The negro escaped, but several hundred men, armed with shotguns and pistols, are in pursuit with the intention of shooting him.

### SCHWAB TO RESIGN.

W. E. Corey Will Be President of the Steel Corporation.

Philadelphia, Aug. 4.—The Public Ledger says: Charles M. Schwab, president of the United States Steel Corporation, will sever his official connection with that concern today, his resignation as president now being in the hands of the executive committee.

This information came to the Public Ledger from one of the directors of the corporation. For months Mr. Schwab's resignation has been rumored, but each time the rumor appeared, it was denied by Mr. Schwab himself, as well as by the corporation's directors.

The executive committee will meet today and recommend its acceptance. The recommendation will then be turned over to the directors, who will meet later in the day and formally approve it.

Mr. Schwab, will also, it is announced, resign as a director, thus completely severing his connection with the company.

W. E. Corey, who on July 1 was appointed assistant to President Schwab to perform the active duties of the president of the company, it is said, will be elected as Mr. Schwab's successor, but his duties will be practically the same as those he is now performing, the physical operation of the various plants comprising the corporation.

### MOTHER AND SON PERISH.

Explosion of a Lamp Results in a Fatal Fire.

Lancaster, Pa., Aug. 4.—Harry Siple is seriously burned and his wife and ten-year-old son, Elwood, are dead as the result of a fire which occurred last night at their home in Washington borough. A twelve-year-old daughter escaped with slight burns.

Siple had gone to bed. Mrs. Siple was up stairs when a lamp she was carrying exploded, and set fire to her clothing. All ablaze she rushed into the room where her husband lay. The bed clothing caught fire. His night dress in flames Siple leaped from the window, while his wife, by this time overcome, sank to the floor.

The flames spread over the room so quickly that the boy, who had been sleeping with the father, had no chance to escape.

A bucket brigade, hastily formed by the villagers, worked so effectively that the fire did not get beyond the room in which the fatalities occurred and one other room.

### TO WED A COUNT.

Former Duluth Woman Will Marry a Titled German.

Duluth, Aug. 4.—The wedding of Mrs. Mabel Holden Clarke, formerly of Duluth, to Wilhelm Heinrich Grison Schaffer, Count von Leopold and Weddigen, will take place Wednesday at the home of the bride's parents, Mr. and Mrs. G. H. Holden, Franklin, N. Y.

The bride to be was Miss Mabel Holden, an accomplished singer who left Duluth ten years ago to go on the stage. Five years ago she married a New Yorker named Clarke, who objected to her continuing before the foot lights, but to no avail. Not long afterward the couple were legally separated and she continued her career, identifying herself with several of the leading spectacular and comic opera companies. The wedding Wednesday is to be a church affair and friends from Duluth and many of the theatrical profession, will be in attendance.

### LEHMANN GETS SEVEN YEARS.

Former Member of St. Louis House of Delegates Sentenced.

St. Louis, Aug. 3.—In the circuit court during the day Judge Ryan sentenced Julius Lehmann, former member of the house of delegates, to seven years' imprisonment in the penitentiary on the charge of bribery in connection with the city lighting boodle deal, and on request of Circuit Attorney Folk the passing of sentences on Charles F. Kelly, former speaker of the house, and former delegates Edward Beresch and Charles Dennis was deferred. Kelly was convicted of perjury and the others of bribery in connection with the same deal.

## A GUARANTEED CURE

For all Poisons of the

# BLOOD

Or the treatment costs nothing.

Contagious blood poison is a cruel and imperious master; it needs not the cry for mercy or the voice of prayer. You may have just recently contracted blood poison, or its lingering taint you may have had for years. It is safe to say that you are not cured. The old symptoms and troubles return every now and then. There is only one cure in the world today for blood poison in any stage, and that is MEDERINE. It searches out the impurities, cleanses and purifies the system, strengthens and invigorates the whole constitution, clears and beautifies the complexion, and renders the skin soft and velvety.

### One of Many Letters.

GEO. W. WEAVER, Chicago, N. Y., says: "It is now three years since I took your MEDERINE course of treatment for blood poisoning, but I want to inform you of my gratitude for what it did for me. It saved me from what was a living death. Only for your treatment I should have been on the other side of the river or in the Madhouse. I would to God that I had the power to spread to the entire world the curative powers of your greatest of all blood cures."

### An Ulcer Cured.

H. BRANN, Fargo, N. D., writes: "I had an ulcer on my left leg and learning of the remarkable cure MEDERINE was making, I used in all two courses of your treatment, and to my surprise the ulcer was healed. The doctors told me there was no help for me. You can imagine my great joy over being cured. After years of suffering and waste of money. Use this as will best serve the public."

Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing testimonials of cures mailed free.

PRICE, \$1 PER BOTTLE. Sent express prepaid if your druggist does not carry MEDERINE in stock. 6 BOTTLES FOR \$5

MEDERINE OINTMENT For the treatment of Eczema, Salt Rheum, Old and Running Sores, Burns and Ulcers, etc. per box. MEDERINE SOAP For toilet, bath and surgery, etc. It softens the skin; it completely cleanses a person's face for Chapped and all scalp and skin diseases. Price 5c.

Mederine Remedies are Sold and Guaranteed by

## OLAF SKAUGE

Why Don't You Try H. W. Barker's Cough, Catarrh and Consumption Remedy. Its the medicine that cures. There's nothing like it. At JOHNSON'S Pharmacy.

# BRAINERD DAILY DISPATCH.

They grabbed the boy, searched his clothing for money and finding none, tore his clothing from him. While one negro held him another mutilated him with a knife. The boy went home and told his father, who mounted a horse and called for volunteers to wreak vengeance on the negroes. Two hundred men and boys joined in the chase. Neighboring farms and towns were warned by telephone and the country was scoured. No trace of the negroes was found. The hunt proceeded till midnight. Sheriff Horizontal, with a detachment of deputies and policemen, followed the mob to prevent a lynching if possible.

## CROWD DISAPPOINTED

THIRD DAY PASSES WITHOUT A SUCCESSOR TO THE LATE PONTIFF BEING CHOSEN.

### AGED CARDINALS SUFFERING

PROLONGED INCARCERATION AND INTENSE HEAT AFFECTS TWO OF THE PRELATES.

Rome, Aug. 4.—After three full days of deliberation, during which six ballots have been taken, the members of the conclave still remain shut up in the vatican without having selected a successor to Leo XIII. The fullness of both the ballots taken Monday was evidenced by the smoke which rose from the Sistine chapel. This mute signal last evening was watched by another large crowd which partly filled the square of San Pietro, and numbered about 15,000 persons. Great disappointment was manifested and when the little puff of smoke appeared there were loud cries, not only of disappointment, but even of derision.

Rome is becoming extremely impatient over the delay in the selection of the new pope, concerning which there appears to be no definite explanation, owing to rigid secrecy with which the proceedings within the conclave are guarded. Monday practically the only news which came from the Sistine chapel was that of the extremely grave illness of Cardinal Herrero. It is presumed, however, that the other aged cardinals are also suffering from their prolonged incarceration and the intense heat.

Among ambassadors and ecclesiastics there exists a general opinion that it is only for the sake of relieving the aged cardinals, much may be sacrificed within the conclave to arrive at a speedy conclusion.

#### Factions Remain Compact.

Out of all the rumors and gossip afloat concerning what is taking place in the conclave, the most persistent report is to the effect that the Rampolla and Serafino Vannutelli factions have remained compact and that the attempt of one faction to press forward a new candidate in the hope of breaking the strength of the other had failed.

The Italia says that matters have reached a point which presages the possibility of the election of a foreign pope, and that Cardinal Kopp, bishop of Breslau, who is most frequently mentioned in this connection, has the support of the German emperor. If this is true, the Italia interprets it as a move on the part of the Rampolla faction to win over the Austro-German cardinals from Serafino Vannutelli.

The Osservatore Romano, the organ of the vatican, officially announces that Cardinal Herrero y Espinosa, being gravely ill, has received the last communion.

Those who are superstitious are saying that as the conclave opened on St. Ignatius Loyola day it will probably close Tuesday, the day of St. Dominic, one of the fighting saints in the calendar, thus fulfilling the prophecy of St. Malachi, who predicted that the motto of the next pope would be "Ignis Ardens."

#### Believe a Pope Is Elected.

There are those who profess to believe that a pope has already been elected, but that the fact is kept secret. They recall that in August, 1740, Cardinal Lambertini was elected pope in the evening, but that the conclave postponed the proclamation of his election until next morning.

Mgr. Boniface Marin, the vicar general of his archdiocese (Valencia), was admitted to the conclave Monday, the door being opened for that purpose with all the prescribed precautions. Outside were the governor and the marshal of the conclave, assisted by captains of the guard. The apostolic protonotaries and the sons of Prince Chigi acted as witnesses.

Inside the door when it was opened were Mgr. Merry del Val, secretary of the consistorial congregation, Mgr. Rogni, prefect of ceremonies, and Mgr. Marzollini. The record of the admittance of Mgr. Marin was officially recorded in a formal document which will be placed in the archives.

It is reported that when Cardinal Sarto, Patriarch of Venice, received the good wishes of his friends, he replied, smilingly:

"Oh, no. I purchased a return ticket when I left Venice."

Cardinal Sancho y Hervás, archbishop of Toledo, Cardinal Casanas y Págos, bishop of Barcelona, and Cardinal Martín de Herrera y de la Isla, archbishop of Santiago, insisted upon remaining at the bedside of Cardinal Herrero y Espinosa during the night.

The Spanish cardinal was also visited during the evening by many of his other colleagues, including Cardinal Gibbons. Cardinal Vives y Tuto is confined to his cell, being slightly indisposed.

#### WITH SHOTGUNS AND PISTOLS.

Hundreds of Men Pursuing Negro Who Wounded an Officer.

Smyrna, Del., Aug. 4.—Constable James D. Wright was shot in the abdomen and fatally wounded last night by Fletcher Hollis, a negro whom he was trying to arrest. The negro escaped, but several hundred men, armed with shotguns and pistols, are in pursuit with the intention of shooting him.

#### SCHWAB TO RESIGN.

W. E. Corey Will Be President of the Steel Corporation.

Philadelphia, Aug. 4.—The Public Ledger says: Charles M. Schwab, president of the United States Steel Corporation, will sever his official connection with that concern today, his resignation as president now being in the hands of the executive committee.

This information came to the Public Ledger from one of the directors of the corporation. For months Mr. Schwab's resignation has been rumored, but each time the rumor appeared, it was denied by Mr. Schwab himself, as well as by the corporation's directors.

The executive committee will meet today and recommend its acceptance. The recommendation will then be turned over to the directors, who will meet later in the day and formally approve it.

Mr. Schwab will also, it is announced, resign as a director, thus completely severing his connection with the company.

W. E. Corey, who on July 1 was appointed assistant to President Schwab to perform the active duties of the president of the company, it is said, will be elected as Mr. Schwab's successor, but his duties will be practically the same as those he is now performing, the physical operation of the various plants comprising the corporation.

#### MOTHER AND SON PERISH.

Explosion of a Lamp Results in a Fatal Fire.

Lancaster, Pa., Aug. 4.—Harry Siple is seriously burned and his wife and ten-year-old son, Elwood, are dead as the result of a fire which occurred last night at their home in Washington borough. A twelve-year-old daughter escaped with slight burns.

Siple had gone to bed. Mrs. Siple was up stairs when a lamp she was carrying exploded, and set fire to her clothing. All ablaze she rushed into the room where her husband lay. The bed clothing caught fire. His night dress in flames, Siple leaped from the window, while his wife, by this time overcome, sank to the floor.

The flames spread over the room so quickly that the boy, who had been sleeping with the father, had no chance to escape.

A bucket brigade, hastily formed by the villagers, worked so effectively that the fire did not get beyond the room in which the fatalities occurred and one other room.

#### TO WED A COUNT.

Former Duluth Woman Will Marry a Titled German.

Duluth, Aug. 4.—The wedding of Mrs. Mabel Holden Clarke, formerly of Duluth, to Wilhelm Heinrich Grillon Schaffer, Count von Leopold and Weddigen, will take place Wednesday at the home of the bride's parents, Mr. and Mrs. G. H. Holden, Franklin, N. Y.

The bride to be was Miss Mabel Holden, an accomplished singer who left Duluth ten years ago to go on the stage. Five years ago she married a New Yorker named Clarke, who objected to her continuing before the footlights, but to no avail. Not long afterward the couple were legally separated and she continued her career, identifying herself with several of the leading spectacular and comic opera companies. The wedding Wednesday is to be a church affair and friends from Duluth and many of the theatrical profession will be in attendance.

#### LEHMANN GETS SEVEN YEARS.

Former Member of St. Louis House of Delegates Sentenced.

St. Louis, Aug. 3.—In the circuit court during the day Judge Ryan sentenced Julius Lehmann, former member of the house of delegates, to seven years' imprisonment in the penitentiary on the charge of bribery in connection with the city lighting boodle deal, and on request of Circuit Attorney Folk the passing of sentences on Charles F. Kelly, former speaker of the house, and former Delegates Edmund Beresch and Charles Dennis was deferred. Kelly was convicted of perjury and the others of bribery in connection with the same deal.

## A GUARANTEED CURE

For all Poisons of the

# BLOOD

Or the treatment costs nothing.

Contagious blood poison is a cruel and imperious master; it beads not the cry for mercy or the voice of prayer. You may have just recently contracted Blood Poison, or its lingering taint you may have had for years. It is safe to say that you are not cured. The old symptoms and troubles return every now and then. There is only one cure in the world today for Blood Poison in any stage, and that is MEDERINE. It searches out the impurities, cleanses and purifies the system, strengthens and invigorates the whole constitution, clears and beautifies the complexion, and renders the skin soft and velvety.

#### One of Many Letters.

Geo. W. Wason, Chicago, N. Y., says: "It is now three years since I took your MEDERINE course of treatment for Blood Poisoning, but I want to inform you of my gratitude for what it did for me. It saved me from a worse than a living death. Only for your treatment I should have been on the other side of the River or in the Madhouse. I would to God that I had the power to spread to the entire world the curative powers of your Greatest of all Blood cures."

#### An Ulcer Cured.

H. Brann, Fargo, N. D., writes: "I had an ulcer on my left leg, and learning of the remarkable cures MEDERINE was making, I used in all two courses of your treatment, and to my surprise the ulcer was healed. The doctors told me there was no help for me. You can imagine my great joy over being cured, after years of suffering and waste of money. Use this as will best serve the public."

Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing testimonials of cures mailed free.

PRICE, \$1 PER BOTTLE. Best express prepaid if you struggle 6 BOTTLES FOR \$5

J. A. VanDyck left this afternoon for Little Falls on business.

H. Brumund and daughter, of Walker, are guests in the city today.

Ed. Goetz, the furniture man, came in from the east this afternoon.

J. P. Hammerel, of St. Cloud, was in the city this morning on business.

T. J. McDonough, of Superior, is in the city today calling on the trade.

Judge Blewitt left this afternoon for Pillager where he will try a lawsuit.

Mrs. E. A. Zuver and Miss Rogers came down from Aitkin this afternoon.

Miss Wightman, a sister of Mrs. Chas. Vandersluis, arrived in the city today for a visit.

Prof. Reed, of the Moorhead Normal, was in the city for a short time this afternoon.

Attorneys E. H. Krelwitz and F. E. Ebner, of Aitkin, are in the city today on business.

Attorney Berg returned from Aitkin this afternoon and left for his home in Little Falls.

Manager J. B. Pattison, of the St. Cloud base ball, team arrived in the city this morning.

Miss Kitty McLaren left this afternoon for the lakes north of the city for a short outing.

Roy French is expected home tonight from St. Paul where he has been running an engine.

Mr. and Mrs. Chas. Rasch have gone to Oakland, Cal. where they will make their home in the future.

Horace Eddy, of Cincinnati, is in the city on his way to Hubert where he will enjoy an outing for a short time.

Mrs. Walworth, of Chicago, arrived in the city this afternoon and went on to Pequot where she will visit with her sister, Mrs. Butler.

The Misses Marguerite and Laura Ponth left last night for Minneapolis where they have accepted positions with the Renier Fur house.

The Ladies' Aid society of the People's church were arranging for a social tomorrow night but it has been postponed until next Tuesday evening.

Senator and Mrs. Kellar came in this afternoon from Sauk Centre for a visit with Dr. and Mrs. Beise. Mrs. Beise is a daughter of Mr. and Mrs. Kellar.

E. E. Bernard was two or three samples of alfalfa raised in this county that shows that this grass will grow here like a weed. He has samples of some sown two years ago, a year ago and this last spring.

Mr. and Mrs. Henry Stein left this afternoon for the Twin cities for a short visit.

Ole Peterson is expected down from Bemidji tomorrow to visit with relatives.

Mr. and Mrs. George West left this afternoon for McGregor, Ia., where they will visit for a time.

Miss Marie Peterson will return to Minneapolis tomorrow after a pleasant visit in the city with relatives.

Mrs. E. J. Donahue and sister, Miss Burns, who have been visiting in St. Cloud, are expected home tonight.

Mrs. A. M. Crane, who has been the guest of Mrs. Peter Walters, returned to her home in Royalton this afternoon.

Mrs. Emma Sampson, who has been visiting in the city for some time, left this afternoon for her home at Fari-bault.

Miss Katherine Whiteley returned this afternoon from Minot, N. D. where she has been teaching in a summer school.

General Manager Gemmell, of the M. & I. and Cashier G. D. LaBar, of the First National, returned last night from St. Paul.

Mrs. Theo. Peterson, who has been in the city a guest of her sister, Mrs. Chas. Rose, left for her home in Minneapolis this afternoon.

Mrs. Sarah B. Hunsaker, who has been visiting with her sister, Mrs. William Davis, left for her home in California this afternoon.

Til Honnold, E. Duffy and Irving Eastman, of Aitkin, came down this afternoon to take in the St. Cloud Glencoe game this evening.

Mrs. R. B. Sheldon and two children, who have been the guests of the Misses Peterson, returned to their home in Minneapolis this afternoon.

Victor Erickson, a resident of South-east Brainerd, has been taken into custody by Sheriff Erickson. He is thought to be slightly demented and will be examined before the insanity board.

Ed. Daggs, who has been in the city with his brother, Frank Daggs, who is sick at St. Joseph's hospital, returned home this afternoon to Casselton. Frank Daggs is very much improved and it is now thought that he will recover.

Mrs. Hannah Hawkins, J. F. Hawkins, Mr. and Mrs. William Graham of this city and Mrs. Frank Robertson, of Staples, were among those who went to St. Paul to attend the funeral services over the remains of the late Patrick McDonnell.

E. W. Dunn and his good wife, of Oak Lawn, are mourning the loss of \$21 in cash, a frying pan, eggs, butter and preserves since four harvest hands, one a colored man, went through that section last Thursday while the members of the household were absent.

We furnish your house complete, easy terms. D. M. CLARK & CO.

Prof. Sidney Lyle, the piano tuner, is in the city and may be found at the Davis Music House for a few days. 52-2t

MURDER AND SUICIDE.

Farmhand Kills His Employer and Takes His Own Life.

Rennselaer, Ind., Aug. 4.—"John," a farmhand, Monday, shot and killed his employer, Charles Medworth, dragged the body into the farmhouse, set fire to the bedding and lay down near his victim until the building burned to ashes. "John" had been employed by Medworth for three years and had always refused to give his last name. Another blond man, who ran away when Medworth was shot, says that Medworth ordered "John" to leave, under penalty of death.

"John" then fired several shots at Medworth and, dragging his dying victim into the house, started the fire, which completed the murder and suicide.

DOWIE'S NEW TEMPLE.

Imposing Features of Proposed Tabernacle For Zionists.

IT WILL SEAT SIXTEEN THOUSAND

Two Hundred Persons Can Be Baptized at Once in the Basin, Which Will Be Filled With Flowing Water Coming From a Waterfall. Building to Cost \$500,000.

John Alexander Dowie, head of the Christian Catholic Church in Zion, near Chicago, has planned for his capital on the shore of Lake Michigan what he says will be the largest tabernacle in the nation devoted exclusively to the worship of God. The structure will cost half a million dollars and seat 16,000 persons. It will occupy a ground space of 330 by 340 feet and will be oriental in architecture.

Leaves of Healing, the official organ through which Mr. Dowie talks to his followers and to the world, gives the following description of the tabernacle in part:

"The great feature of the interior will, of course, be the auditorium. The construction will be in the shape of a horseshoe and must solve many difficult problems in the arrangement of so many thousand seats, in ventilation, and most difficult of all, in acoustics. The choir gallery will be made to seat 1,600 persons. The speakers' platform is to be elliptical in shape, fifty feet long and eighteen feet wide.

"The seats in the choir and officers' galleries will be arranged at an angle sufficient to show the face of every one distinctly to the audience. Back of the choir and in line with the center of the building a great pipe organ will be built. The organ will be so placed that the organist will face the auditorium.

"Two large galleries, in the shape of a horseshoe, will be built in such a manner that the public finding seats there will be able to see plainly the face of every one sitting on the platform. These galleries will seat about 8,400, the ground floor about 6,000, the choir and officers' galleries about 1,600, giving a total seating capacity of 16,000 persons.

"Elevators will be provided at the main entrance to lift the people to these galleries. On the east side of the galleries will be four stairways, three on the south side and three on the north side; one stairway at each one of the four corners of the building and two more in the rear of the choir gallery. These sixteen stairways connect directly with the outside and as exits will be of inevitable use in emptying the vast auditorium quickly and in an orderly manner should the occasion ever require.

"The dome of the auditorium is to be constructed of steel and covered partly with glass and partly with sheet metal and at the highest point will be 100 feet from the ground floor. On the interior the dome will measure 192 feet in diameter, varying in height from 100 feet on the sides to 135 feet from the floor to the center.

"Electricity will be used in lighting the tabernacle. Thousands of incandescent lamps will be required.

"One of the most unusual and attractive features of the new Shulish tabernacle will be the baptistry. On either side of the basement, directly under the choir gallery, robing rooms for the candidates for baptism will be arranged, on one side the women, on the other the men. Both rooms will be 70 by 58 feet in size.

"On leaving the robing room the candidates go directly to the riverlike baptistry by way of separate corridors, one for men and one for women, entirely hidden from public view until the large stairways leading into the baptistry proper are reached. Two hundred persons may be baptized at one time, and so complete will be the arrangements that 1,000 can easily be baptized in one hour.

"Candidates will enter the baptistry from one corridor and pass through another on the other side to reach their robing rooms after the ceremony.

"The baptistry basin will be twenty feet wide and sixty-five feet long. It is to be arranged with flowers and shrubbery, while the water will come from a waterfall under the speaker's platform. The water will fall in full view of the public, flow through the entire length of the baptistry and pass out of sight under the door of the auditorium.

W. R. HAWKINS BUYS SALOON.

Formerly Conducted by Van Dyck & Douglas and he Will Take Possession of the Place at Once.

The Midway saloon, conducted by J. A. VanDyck and Douglas Armstrong, has been sold to W. R. Hawkins, now of this city but formerly of Mandan. For some time Mr. Hawkins has been negotiating with a view of buying another property in town, but the deal could not be closed so he decided to take the Midway. Mr. VanDyck has been in business in the city for a long time and it was only last spring that he sold a part interest to Mr. Armstrong. Mr. Armstrong has been a resident of this city for a long time also.

W. R. Hawkins comes to this city from Mandan where he was in business for years. He is a brother of J. F. Hawkins, the popular grocer and meat dealer on Front street, and is especially well acquainted with the railroad men all along the line. The location is a good one and as Mr. Hawkins expects to thoroughly overhaul the place, there is no reason why he should not succeed and do a nice business.

PROVIDES FOR A TERM.

New Order Issued by Judge Warner Regarding the Regular Term of the Municipal Court.

The following order issued by Judge Warner is self explanatory and will be of interest to the bar and others in this city:

"WHEREAS, It is provided by section eight of the municipal court act for the city of Brainerd, Minnesota, that a regular term of said municipal court shall be held on the first and third Tuesday of every month for the trial of civil actions, and that the Judge of said court may appoint other days for the trial of civil actions. And,

"WHEREAS, For many years immediately prior to February, 1902 it was by all the Judges of said court ordered and customary to hold civil terms of said court on each and every Tuesday of every month, and said terms by custom, practice and order, became and were regular terms for the trial of civil actions, until about February, 1902, when it was ordered that only the first and third Tuesdays should thereafter be for the trial of civil actions, which latter order is still in force and effect. And,

"WHEREAS, It is in my opinion for the best interest of all and will avoid delay and promote convenience, to hold a civil term of said court on every Tuesday hereafter. Now,

"THEREFORE, It is hereby ordered that hereafter each and every Tuesday of each month be, and the same hereby is appointed and constituted a civil term day for the trial of civil actions, and which terms shall continue from day to day with such adjournment as to the court may seem proper, until the business of each term shall be finished."

CURE FOR HAY FEVER.

H. P. Dunn & Co. Say Hyomei will Give Relief—Sold Under Guarantee.

The season for hay fever is almost at hand and many people feel that they will be obliged to leave town in order to avoid the sneezing, watery eyes and other annoying symptoms of this disagreeable summer disease.

H. P. Dunn & Co. wish to announce that when Hyomei is used, either as a preventative or cure, there will be no hay fever. They advise the use of Hyomei daily for two or three weeks before the usual time for the annual appearance of hay fever. In this way the attack will be prevented. If, however, the preventative treatment was not commenced soon enough and the disease comes on, use Hyomei six or seven times daily and also rub Hyomei Balm thoroughly into the nostrils both morning and night. This treatment will relieve at once and give a speedy and permanent cure.

Hyomei actually brings into your own home, a climate filled with ozone and healing balsams, the same air that one breathes at the White Mountains or other health resorts.

There is no stomach dosing when Hyomei is used. It is nature's own method for curing all diseases of the respiratory organs, and is breathed through a neat pocket inhaler that accompanies every outfit, so that the medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane.

It is the one treatment for hay fever where H. P. Dunn & Co. guarantee to refund the money if it does not give satisfaction. All who are subject to hay fever should begin its use at once so as to prevent the disease. 52

There is comfort in wearing a pair of Dr. A. Reed's Cushion sole shoes besides the improvement it makes in your appearance.

Attorneys E. H. Krelwitz and F. E. Ebner, of Aitkin, are in the city today on business.

Attorney Berg returned from Aitkin this afternoon and left for his home in Little Falls.

Manager J. B. Pattison, of the St. Cloud base ball, team arrived in the city this morning.

Miss Kitty McLaren left this afternoon for the lakes north of the city for a short outing.

Roy French is expected home tonight from St. Paul where he has been running an engine.

Mr. and Mrs. Chas. Rasch have gone to Oakland, Cal. where they will make their home in the future.

Horace Eddy, of Cincinnati, is in the city on his way to Hubert where he will enjoy an outing for a short time.

Mrs. Walworth, of Chicago, arrived in the city this afternoon and went on to Pequot where she will visit with her sister, Mrs. Butler.

The Misses Marguerite and Laura Ponth left last night for Minneapolis where they have accepted positions with the Renier Fur house.

The Ladies' Aid society of the People's church were arranging for a social tomorrow night but it has been postponed until next Tuesday evening.

Senator and Mrs. Kellar came in this afternoon from Sauk Centre for a visit with Dr. and Mrs. Beise. Mrs. Beise is a daughter of Mr. and Mrs. Kellar.

E. E. Bernard was two or three samples of alfalfa raised in this county that shows that this grass will grow here like a weed. He has samples of some sown two years ago, a year ago and this last spring.

Mr. and Mrs. Henry Stein left this afternoon for the Twin cities for a short visit.

Ole Peterson is expected down from Bemidji tomorrow to visit with relatives.

Mr. and Mrs. George West left this afternoon for McGregor, Ia., where they will visit for a time.

Miss Marie Peterson will return to Minneapolis tomorrow after a pleasant visit in the city with relatives.

Mrs. E. J. Donahue and sister, Miss Burns, who have been visiting in St. Cloud, are expected home tonight.

Mrs. A. M. Crane, who has been the guest of Mrs. Peter Walters, returned to her home in Royalton this afternoon.

Mrs. Emma Sampson, who has been visiting in the city for some time, left this afternoon for her home at Faribault.

Miss Katherine Whiteley returned this afternoon from Minot, N. D. where she has been teaching in a summer school.

General Manager Gemmell, of the M. & L. and Cashier G. D. LaBar, of the First National, returned last night from St. Paul.

Mrs. Theo. Peterson, who has been in the city a guest of her sister, Mrs. Chas. Rose, left for her home in Minneapolis this afternoon.

Mrs. Sarah B. Hunsaker, who has been visiting with her sister, Mrs. William Davis, left for her home in California this afternoon.

Til Honnold, E. Duffy and Irving Eastman, of Aitkin, came down this afternoon to take in the St. Cloud Glen-coe game this evening.

Mrs. R. E. Sheldon and two children, who have been the guests of the Misses Peterson, returned to their home in Minneapolis this afternoon.

Victor Erickson, a resident of Southeast Brainerd, has been taken into custody by Sheriff Erickson. He is thought to be slightly demented and will be examined before the insanity board.

Ed. Dagg, who has been in the city with his brother, Frank Dagg, who is sick at St. Joseph's hospital, returned home this afternoon to Casselton. Frank Dagg is very much improved and it is now thought that he will recover.

Mrs. Hannah Hawkins, J. F. Hawkins, Mr. and Mrs. William Graham of this city and Mrs. Frank Robertson, of Staples, were among those who went to St. Paul to attend the funeral services over the remains of the late Patrick McDonnell.

E. W. Dunn and his good wife, of Oak Lawn, are mourning the loss of \$21 in cash, a frying pan, eggs, butter and preserves since four harvest hands, one a colored man, went through that section last Thursday while the members of the household were absent.

We furnish your house complete, easy terms.  
D. M. CLARK & CO.

Prof. Sidney Lyle, the piano tuner, is in the city and may be found at the Davis Music House for a few days. 52-2t

## MURDER AND SUICIDE.

Farmhand Kills His Employer and Takes His Own Life.

Rennselaer, Ind., Aug. 4.—"John," a farmhand, Monday, shot and killed his employer, Charles Medworth, dragged the body into the farmhouse, set fire to the bedding and lay down near his victim until the building burned to ashes. "John" had been employed by Medworth for three years and had always refused to give his last name. Another hired man, who ran away when Medworth was shot, says that Medworth ordered "John" to leave, under penalty of death.

"John" then fired several shots at Medworth and, dragging his dying victim into the house, started the fire, which completed the murder and suicide.

## DOWIE'S NEW TEMPLE.

Imposing Features of Proposed Tabernacle For Zionists.

IT WILL SEAT SIXTEEN THOUSAND

Two Hundred Persons Can Be Baptized at Once in the Basin, Which Will Be Filled With Flowing Water Coming From a Waterfall. Building to Cost \$500,000.

John Alexander Dowie, head of the Christian Catholic Church in Zion, near Chicago, has planned for his capital on the shore of Lake Michigan what he says will be the largest tabernacle in the nation devoted exclusively to the worship of God. The structure will cost half a million dollars and seat 16,000 persons. It will occupy a ground space of 330 by 340 feet and will be oriental in architecture.

Leaves of Healing, the official organ through which Mr. Dowie talks to his followers and to the world, gives the following description of the tabernacle in part:

"The great feature of the interior will, of course, be the auditorium. The construction will be in the shape of a horseshoe and must solve many difficult problems in the arrangement of so many thousand seats, in ventilation and, most difficult of all, in acoustics. The choir gallery will be made to seat 1,000 persons. The speakers' platform is to be elliptical in shape, fifty feet long and eighteen feet wide.

"The seats in the choir and officers' galleries will be arranged at an angle sufficient to show the face of every one distinctly to the audience. Back of the choir and in line with the center of the building a great pipe organ will be built. The organ will be so placed that the organist will face the auditorium.

"Two large galleries, in the shape of a horseshoe, will be built in such a manner that the public finding seats there will be able to see plainly the face of every one sitting on the platform. These galleries will seat about 8,400, the ground floor about 6,000, the choir and officers' galleries about 1,600, giving a total seating capacity of 16,000 persons.

"Elevators will be provided at the main entrance to lift the people to these galleries. On the east side of the galleries will be four stairways, three on the south side and three on the north side; one stairway at each one of the four corners of the building and two more in the rear of the choir gallery. These sixteen stairways connect directly with the outside and as exits will be of inevitable use in emptying the vast auditorium quickly and in an orderly manner should the occasion ever require.

"The dome of the auditorium is to be constructed of steel and covered partly with glass and partly with sheet metal and at the highest point will be 100 feet from the ground floor. On the interior the dome will measure 192 feet in diameter, varying in height from 100 feet on the sides to 135 feet from the door to the center.

"Electricity will be used in lighting the tabernacle. Thousands of incandescent lamps will be required.

"One of the most unusual and attractive features of the new Shish tabernacle will be the baptistry. On either side of the basement, directly under the choir gallery, robing rooms for the candidates for baptism will be arranged, on one side the women, on the other the men. Both rooms will be 70 by 58 feet in size.

"On leaving the robing room the candidates go directly to the riverlike baptistry by way of separate corridors, one for men and one for women, entirely hidden from public view until the large stairways leading into the baptistry proper are reached. Two hundred persons may be baptized at one time, and so complete will be the arrangements that 1,000 can easily be baptized in one hour.

"Candidates will enter the baptistry from one corridor and pass through another on the other side to reach their robing rooms after the ceremony.

"The baptistry basin will be twenty feet wide and sixty-five feet long. It is to be arranged with flowers and shrubbery, while the water will come from a waterfall under the speaker's platform. The water will fall in full view of the public, flow through the entire length of the baptistry and pass out of sight under the floor of the auditorium.

W. R. HAWKINS BUYS SALOON.

Formerly Conducted by Van Dyck & Douglas and he Will Take Possession of the Place at Once.

The Midway saloon, conducted by J. A. VanDyck and Douglas Armstrong has been sold to W. R. Hawkins, now of this city but formerly of Mandan. For some time Mr. Hawkins has been negotiating with a view of buying another property in town, but the deal could not be closed so he decided to take the Midway. Mr. VanDyck has been in business in the city for a long time and it was only last spring that he sold a part interest to Mr. Armstrong. Mr. Armstrong has been a resident of this city for a long time also.

W. R. Hawkins comes to this city from Mandan where he was in business for years. He is a brother of J. F. Hawkins, the popular grocer and meat dealer on Front street, and is especially well acquainted with the railroad men all along the line. The location is a good one and as Mr. Hawkins expects to thoroughly overhaul the place, there is no reason why he should not succeed and do a nice business.

## PROVIDES FOR A TERM.

New Order Issued by Judge Warner Regarding the Regular Term of the Municipal Court.

The following order issued by Judge Warner is self explanatory and will be of interest to the bar and others in this city:

"WHEREAS, It is provided by section eight of the municipal court act for the city of Brainerd, Minnesota, that a regular term of said municipal court shall be held on the first and third Tuesday of every month for the trial of civil actions, and that the Judge of said court may appoint other days for the trial of civil actions. And,

"WHEREAS, For many years immediately prior to February, 1902 it was by all the Judges of said court ordered and customary to hold civil terms of said court on each and every Tuesday of every month, and said terms by custom, practice and order, became and were regular terms for the trial of civil actions, until about February, 1902, when it was ordered that only the first and third Tuesdays should thereafter be for the trial of civil actions, which latter order is still in force and effect. And,

"WHEREAS, It is in my opinion for the best interest of all and will avoid delay and promote convenience, to hold a civil term of said court on every Tuesday hereafter. Now,

"THEREFORE, It is hereby ordered that hereafter each and every Tuesday of each month be, and the same hereby is appointed and constituted a civil term day for the trial of civil actions, and which terms shall continue from day to day with such adjournment as to the court may seem proper, until the business of each term shall be finished."

## CURE FOR HAY FEVER.

H. P. Dunn & Co. Say Hyomei will Give Relief—Sold Under Guarantee.

The season for hay fever is almost at hand and many people feel that they will be obliged to leave town in order to avoid the sneezing, watery eyes and other annoying symptoms of this disagreeable summer disease.

H. P. Dunn & Co. wish to announce that when Hyomei is used, either as a preventative or cure, there will be no hay fever. They advise the use of Hyomei daily for two or three weeks before the usual time for the annual appearance of hay fever. In this way the attack will be prevented. If, however, the preventative treatment was not commenced soon enough and the disease comes on, use Hyomei six or seven times daily and also rub Hyomei Balm thoroughly into the nostrils both morning and night. This treatment will relieve at once and give a speedy and permanent cure.

Hyomei actually brings into your own home, a climate filled with ozone and healing balsams, the same air that one breathes at the White Mountains or other health resorts.

There is no stomach dosing when Hyomei is used. It is nature's own method for curing all diseases of the respiratory organs, and is breathed through a neat pocket inhaler that accompanies every outfit, so that the medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane.

It is the one treatment for hay fever where H. P. Dunn & Co. guarantee to refund the money if it does not give satisfaction. All who are subject to hay fever should begin its use at once so as to prevent the disease.

There is comfort in wearing a pair of Dr. A. Reed's Cushion sole shoes besides the improvement it makes in your appearance.

McCarthy &amp; Donahue.

## THE MARKETS.

## PROF. F. W. HANFT CHOICE OF BOARD

Rather Odd State of Affairs in  
the School Board Relative to  
The Principalship.

THE OFFICE DECLARED VACANT

On First Ballot Prof. Hanft is  
Elected—Prof. Brown Did  
Not Qualify.

There was a meeting of the board of education last night at the Washington school building and one of the very important matters transacted was the election of a new principal of the high school, and the gentleman elected is not a stranger either for he has been tried and tested and has never been found wanting. Reference is made to Prof. F. W. Hanft, and it will cause general surprise throughout the city when it is learned that he was elected.

The matter was brought to the surface through a report of the teacher's committee which had to do with the formalities of placing Prof. Brown's qualifications on the right basis. It will be remembered that at the meeting held some time ago, called for the purpose of electing teachers for the ensuing year, Prof. Hanft was turned down and a Prof. Brown, from somewhere, nobody seems ever to have learned, was selected principal. Up to yesterday this gentleman had not qualified for the position and so the teacher's committee last night recommended that the office of principal be declared vacant. The report was adopted and shortly after this a ballot was taken for a new principal and Prof. Hanft was elected on the first ballot.

Prof. Hanft has in the meantime accepted a position as superintendent of the schools at LeSeuer and it is not known whether he will accept the principalship of the high school here again. He has all kinds of friends in the city who would like to see him stay and pressure will be brought to bear to have him do so.

Miss Rose Arnold tendered her resignation as a teacher in the schools. She expects to go away to attend some eastern educational institution next year. The secretary was instructed to enter

into contract with the Moore Heating company to put in the heating plant.

The treasurer's report was received and it was referred to the finance committee.

Some two months ago Supt. Hartley recommended that a commercial course be added to the curriculum of the school. The teachers' committee recommended that such a course be adopted. This report was acted on favorably and from this time on the Brainerd schools will have a first class commercial course. The other matters transacted by the board were of a routine nature.

Attend to your furs. I. Kraywitz, of the N. W. Fur Co., St. Cloud, is stopping at the City Hotel. 533

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Perfectly harmless.

PATRICK MCDONNELL DEAD.

Former Well Known Brainerdite and a  
Brother of Mrs. William Graham  
Dies in St. Paul.

Word was received in the city this morning of the death of Patrick O'Donnell, a former well known Brainerdite a brother-in-law of William Graham and a cousin of J. F. Hawkins, the Front street merchant. The death occurred last night at 9 o'clock.

Mr. McDonnell at one time was employed in the shops in this city. He was in the N. P. Sanitarium last winter and was operated on for appendicitis, but he fully recovered from this operation, and relatives in this city are at a loss to know what was the matter.

## JOHN LARSON WAS ELECTED ALDERMAN

Regular Monthly Meeting of the  
City Council Held Last Evening  
In Chambers.

NEW SEWER DISTRICT CREATED

And the City Engineer Instructed  
to File Plans and Specifications  
for Sewer.

The regular monthly session of the city council was held last night with President Crust presiding. The following aldermen took their seats: Halladay, Gardner, Murphy, Rowley, Gruenhagen, Robertson and C. D. Johnson.

A communication was read from Edward Crust, which contained his resignation as a member of the library board. With this communication there was another from Mayor Halsted appointing Henry P. Dunn a member of the library board to succeed Mr. Crust, also appointing J. P. Barney to the position of patrolman succeeding Officer Brockway, removed. The communication was on motion accepted and filed.

The reports of Clerk Low, of the municipal court, and Chief Sargent, showed that 28 culprits had been brought within the confines of the mill of justice. \$137.25 represented the amount of fines paid in city cases, and \$16.37 in civil cases during the past month. The reports were accepted and filed as read.

The report of Supt. Peterson showed that Brainerd had been fairly well lighted during the month. 60 lights were cut in and 10 cut out. There are now 76 are lights in use. He reported that nothing had yet been done at the station toward making the improvements recommended at the last meeting. The arc lights ordered in the Fifth ward have not been put in for the reason that the superintendent was out of material. The report was accepted and filed.

Dr. Thabes, of the board of health, reported one case of diphtheria during the month. He recommended that the services of Robt. Jennings, sanitary officer, be dispensed with for the present. The report was on motion placed on file.

Street Commissioner Weitzel reported having laid a large number of cross walks, cleaned the cedar block paving, etc., etc. The report was on motion placed on file.

The following pay rolls were on motion allowed:

City Employees	\$ 356.33
Police Department	323.00
Fire Department	122.50
Electric Light	325.00
Street Employees	1023.43

When City Clerk Low had fairly started in to wade through the bills, Col. C. D. Johnson looked at the heap of city debts and fell out of his chair, and when accused of having looked upon the effervescently genial alderman swore that the grand continuity of red fire, electric fountain with its dazzling varied colored sprays and the "Girl From Up There" of the carnival fest, had nothing to do with his slipping unintentionally from his seat.

There was a three round bout between Alderman Robertson and Alderman Gardner regarding some rock purchased, and not ordered by the council. It was shown the street commissioner was short and hence the bills were allowed.

The electric light committee to which was referred the task of comparing the financial condition of the electric light receipts on the meter rates as compared with those on the flat rates reported they had taken the first six months in 1902 on flat rate and 1903 on meter rate which totals are as follows: Receipts from flat rate, \$11,748.10; disbursements, \$6,632.85, allowing a credit on meters purchased amounting to \$837.34 and amount of work done on arc line \$236.50, which amount was deducted from the total disbursements leaving a credit balance to the plant of \$6,162.09.

Receipts on meter rate, \$10,851.83; disbursements \$8,445.15, allowing credit on meters purchased \$778.26 and amount of work done on arc line \$925.15, which amount has been deducted from the total disbursements, leaving a credit balance to the plant of \$4,112.79.

The committee considered this an excellent showing on the present rate of 7 1/2 cents per kilowatt, when it is taken into consideration the closing of all business houses at 6:30 p. m. except a few evenings in the month. The only change the committee recommended is a discount of 10 per cent on all amounts when paid before the 10th of each succeeding month, and that this discount take effect Aug. 1.

The report of the committee was on motion received and filed.

The appointments of Henry P. Dunn as member of the library board and J. P. Barney as a police officer were confirmed on motion of Alderman Rowley.

On motion of Alderman Rowley the services of Robt. Jennings, as sanitary officer were dispensed with.

The following report was received from City Engineer Woolman.

"Referring to a resolution directing me to report upon a sewer system for the Second ward, I would respectfully

recommend that all that part of the said ward which is bounded on the south by the N. P. Ry. and on the north, east and west by the crest of the river bluffs, should constitute one sewer district and drained by one main sewer, located as follows and of the following dimensions:

"Commencing at the center of Juniper street and Bluff avenue run a 12 inch main to Second street and Juniper, thence a 15 inch sewer to 14th and Juniper, thence an 18 inch main to Seventh and Juniper, thence a 20 inch main to Ninth and Juniper, thence a 20 inch main to Ninth and Ivy streets, thence a 20 inch main to Tenth and Holly streets, thence an 18 inch main to a connection with the general sewer.

"I make this recommendation after what I believe to be a thorough examination of the facts and also after a consultation with Mr. Cappen. I estimate that the sewer can be built for about \$10,000. To divide this territory into two districts and lay mains on both Kingwood and Holly streets it would cost \$15,000. Both these estimates are approximate."

An ordinance was then presented and passed the first reading creating the new first district which comprises the territory given in the above report of Engineer Woolman and was finally passed.

Engineer Woolman was then instructed to file his plans and specifications according to law and a special meeting will be called immediately by the council to consider the matter of advertising for bids.

The matter of electing an alderman from the Fourth ward to succeed Solomon Johnson, who moved away from the city, came up and on the first formal ballot John Larson was elected. Alderman Murphy presented the name of Adolph Lindskoog and Alderman Gruenhagen placed in nomination the name of John Larson. There were faint rumblings that ex-Alderman Fogelstrom would land the plum and the conjecture was right too, for on the informal ballot Lindskoog got 2, Larson got 5 and Fogelstrom got two votes. On the first formal ballot Larson got 8 and Fogelstrom one, and some surprise was manifest when Lindskoog did not get a vote, although he had been nominated and there was a big petition in to back him up. Mr. Larson, however, is one of the best men that could be selected for the position from that ward. He will take his seat at the next meeting of the council.

The street committee to which was referred the matter of sidewalks and bridges recommended that three blocks on Oak street be graded and that the Seventh street bridge be repaired.

The recommendation of Supt. Peterson that Lineman Klaus' salary be raised to \$65 was referred to the electric light committee to report at the next meeting.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

## MUSIC AND DRAMA.

A LARGE AUDIENCE.

The Francis Greene company opened a weeks engagement at the Brainerd opera house last night to an audience that packed the play house to its doors and if applause counts for anything the show made a hit. Several times the performers had to acknowledge encores, to which they freely responded. "The Hustler," a sensational comedy drama was the bill presented, and the many specialties introduced between acts, relieved the long waits usually seen with the average attraction. A novelty was introduced last night in the giving away to everybody in attendance of 12 tickets, any one of which will allow the bearer free admission if accompanied by a paid 35 or 50c ticket to witness the "Brand of Cain," which is the play selected for tonight's performance. As the prices are only 15, 25, 35 and 50c there will undoubtedly be another large house in attendance tonight. The company give a children's matinee Saturday of the English pantomime "Humpty Dumpty." Every child will want to see this play.

A wheelman's tool bag isn't complete without a bottle of Dr. Thomas' Electric Oil. Heals cuts, bruises, stings and sprains. Monarch over pain.

## BASE BALL NUBS

The St. Cloud and Glencoe base ball teams arrived in the city this afternoon from Little Falls. Wilson will be in the box for St. Cloud in the game to be played at Athletic park at 6:30 this evening and Woods will do the honors for Glencoe. It ought to be a rattling good exhibition.

**PROF. F. W. HANFT**  
**CHOICE OF BOARD**

**Rather Odd State of Affairs in the School Board Relative to The Principalship.**

**THE OFFICE DECLARED VACANT**

**On First Ballot Prof. Hanft is Elected—Prof. Brown Did Not Qualify.**

There was a meeting of the board of education last night at the Washington school building and one of the very important matters transacted was the election of a new principal of the high school, and the gentleman elected is not a stranger either for he has been tried and tested and has never been found wanting. Reference is made to Prof. F. W. Hanft, and it will cause general surprise throughout the city when it is learned that he was elected.

The matter was brought to the surface through a report of the teacher's committee which had to do with the formalities of placing Prof. Brown's qualifications on the right basis. It will be remembered that at the meeting held some time ago, called for the purpose of electing teachers for the ensuing year, Prof. Hanft was turned down and a Prof. Brown, from somewhere, nobody seems ever to have learned, was selected principal. Up to yesterday this gentleman had not qualified for the position and so the teacher's committee last night recommended that the office of principal be declared vacant. The report was adopted and shortly after this a ballot was taken for a new principal and Prof. Hanft was elected on the first ballot.

Prof. Hanft has in the meantime accepted a position as superintendent of the schools at LeSeuer and it is not known whether he will accept the principalship of the high school here again. He has all kinds of friends in the city who would like to see him stay and pressure will be brought to bear to have him do so.

Miss Rose Arnold tendered her resignation as a teacher in the schools. She expects to go away to attend some eastern educational institution next year. The secretary was instructed to enter

into contract with the Moore Heating company to put in the heating plant.

The treasurer's report was received and it was referred to the finance committee.

Some two months ago Supt. Hartley recommended that a commercial course be added to the curriculum of the school. The teachers' committee recommended that such a course be adopted. This report was acted on favorably and from this time on the Brainerd schools will have a first class commercial course.

The other matters transacted by the board were of a routine nature.

Attend to your furs. I. Kraywitz, of the N. W. Fur Co., St. Cloud, is stopping at the City Hotel. 53c13

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Perfectly harmless.

**PATRICK McDONNELL DEAD.**

**Former Well Known Brainerdite and a Brother of Mrs. William Graham Dies in St. Paul.**

Word was received in the city this morning of the death of Patrick O'Donnell, a former well known Brainerdite a brother-in-law of William Graham and a cousin of J. F. Hawkins, the front street merchant. The death occurred last night at 9 o'clock.

Mr. McDonnell at one time was employed in the shops in this city. He was in the N. P. Sanitarium last winter and was operated on for appendicitis, but he fully recovered from this operation, and relatives in this city are at a loss to know what was the matter.

**JOHN LARSON WAS ELECTED ALDERMAN**

**Regular Monthly Meeting of the City Council Held Last Evening In Chambers.**

**NEW SEWER DISTRICT CREATED**

**And the City Engineer Instructed to File Plans and Specifications for Sewer.**

The regular monthly session of the city council was held last night with President Crust presiding. The following aldermen took their seats: Halladay, Gardner, Murphy, Rowley, Gruenhagen, Robertson and C. D. Johnson.

A communication was read from Edward Crust, which contained his resignation as a member of the library board. With this communication there was another from Mayor Halsted appointing Henry P. Dunn a member of the library board to succeed Mr. Crust, also appointing J. P. Barney to the position of patrolman succeeding Officer Brookway, removed. The communication was on motion accepted and filed.

The reports of Clerk Low, of the municipal court, and Chief Sargent, showed that 28 culprits had been brought within the confines of the mill of justice. \$137.25 represented the amount of fines paid in city cases, and \$16.37 in civil cases during the past month. The reports were accepted and filed as read.

The report of Supt. Peterson showed that Brainerd had been fairly well lighted during the month. 60 lights were cut in and 10 cut out. There are now 76 are lights in use. He reported that nothing had yet been done at the station toward making the improvements recommended at the last meeting. The are lights ordered in the Fifth ward have not been put in for the reason that the superintendent was out of material. The report was accepted and filed.

Dr. Thabes, of the board of health, reported one case of diphtheria during the month. He recommended that the services of Robt. Jennings, sanitary officer, be dispensed with for the present. The report was on motion placed on file.

Street Commissioner Weitzel reported having laid a large number of cross walks, cleaned the cedar block paving, etc., etc. The report was on motion placed on file.

The following pay rolls were on motion allowed:

City Employees.....	\$ 356 33
Police Department.....	323 00
Fire Department.....	122 50
Electric Light.....	325 00
Street Employees.....	1023 43

When City Clerk Low had fairly started in to wade through the bills, Col. C. D. Johnson looked at the heap of city debts and fell out of his chair, and when accused of having looked upon the effervescently genial alderman swore that the grand continuity of red fire, electric fountain with its dazzling varied colored sprays and the "Girl From Up There" of the carnival fest, had nothing to do with his slipping unintentionally from his seat.

There was a three round bout between Alderman Robertson and Alderman Gardner regarding some rock purchased, and not ordered by the council. It was shown the street commissioner was short and hence the bills were allowed.

The electric light committee to which was referred the task of comparing the financial condition of the electric light receipts on the meter rates as compared with those on the flat rates reported they had taken the first six months in 1902 on flat rate and 1903 on meter rate which totals are as follows: Receipts from flat rate, \$11,748.10; disbursements, \$6,632.85, allowing a credit on meters purchased amounting to \$837.34 and amount of work done on arc line \$206.50, which amount was deducted from the total disbursements leaving a credit balance to the plant of \$6,162.00.

Receipts on meter rate, \$10,854.83; disbursements \$8,445.15, allowing credit on meters purchased \$778.25 and amount of work done on arc line \$925.15, which amount has been deducted from the total disbursements, leaving a credit balance to the plant of \$4,112.79.

The committee considered this an excellent showing on the present rate of 7 1/2 cents per kilowatt, when it is taken into consideration the closing of all business houses at 6:30 p. m. except a few evenings in the month. The only change the committee recommended is a discount of 10 per cent on all amounts when paid before the 10th of each succeeding month, and that this discount take effect Aug. 1.

The report of the committee was on motion received and filed.

The appointments of Henry P. Dunn as member of the library board and J. P. Barney as a police officer were confirmed on motion of Alderman Rowley. On motion of Alderman Rowley the services of Robt. Jennings, as sanitary officer were dispensed with.

The following report was received from City Engineer Woolman.

"Referring to a resolution directing me to report upon a sewer system for the Second ward, I would respectfully

recommend that all that part of the said ward which is bounded on the south by the N. P. Ry. and on the north, east and west by the crest of the river bluffs, should constitute one sewer district and drained by one main sewer, located as follows and of the following dimensions:

"Commencing at the center of Juniper street and bluff avenue run a 12 inch main to Second street and Juniper, thence a 15 inch sewer to 4th and Juniper, thence an 18 inch main to Seventh and Juniper, thence a 20 inch main to Ninth and Juniper, thence a 20 inch main to Ninth and Ivy streets, thence a 20 inch main to Tenth and Holly streets, thence an 18 inch main to a connection with the general sewer.

"I make this recommendation after what I believe to be a thorough examination of the facts and also after a consultation with Mr. Capplen. I estimate that the sewer can be built for about \$10,000. To divide this territory into two districts and lay mains on both Kingwood and Holly streets it would cost \$15,000. Both these estimates are approximate."

An ordinance was then presented and passed the first reading creating the new first district which comprises the territory given in the above report of Engineer Woolman and was finally passed.

Engineer Woolman was then instructed to file his plans and specifications according to law and a special meeting will be called immediately by the council to consider the matter of advertising for bids.

The matter of electing an alderman from the Fourth ward to succeed Solomon Johnson, who moved away from the city, came up and on the first formal ballot John Larson was elected. Alderman Murphy presented the name of Adolph Lindscoog and Alderman Gruenhagen placed in nomination the name of John Larson. There were faint rumblings that ex-Alderman Fogelstrom would land the plum and the conjecture was right too, for on the informal ballot Lindscoog got 2, Larson got 5 and Fogelstrom got two votes. On the first formal ballot Larson got 8 and Fogelstrom one, and some surprise was manifest when Lindscoog did not get a vote, although he had been nominated and there was a big petition in to back him up. Mr. Larson, however, is one of the best men that could be selected for the position from that ward. He will take his seat at the next meeting of the council.

The street committee to which was referred the matter of sidewalks and bridges recommended that three blocks on Oak street be graded and that the Seventh street bridge be repaired.

The recommendation of Supt. Peterson that Lineman Klaus' salary be raised to \$65 was referred to the electric light committee to report at the next meeting.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

**MUSIC AND DRAMA.**

A LARGE AUDIENCE.

The Francis Greene company opened a weeks engagement at the Brainerd opera house last night to an audience that packed the play house to its doors and if applause counts for anything the show made a hit. Several times the performers had to acknowledge encores, to which they freely responded. "The Hustler," a sensational comedy drama was the bill presented, and the many specialties introduced between acts relieved the long waits usually seen with the average attraction. A novelty was introduced last night in the giving away to everybody in attendance of 12 tickets, any one of which will allow the bearer free admission if accompanied by a paid 35 or 50c ticket to witness the "Brand of Cain," which is the play selected for tonight's performance. As the prices are only 15, 25, 35 and 50c there will undoubtedly be another large house in attendance tonight. The company give a children's matinee Saturday of the English pantomime "Humpty Dumpty." Every child will want to see this play.

## PAPERS MADE PUBLIC

SECRETARY ROOT GIVES OUT RESULTS OF INVESTIGATION INTO A CONTRACT.

## CONGRESSMAN IS INVOLVED

MATTER REFERRED TO DEPARTMENT OF JUSTICE FOR OPINION ON THE CASE.

Washington, Aug. 4.—Secretary Root Monday made public all the papers relating to the investigation into the government contract for gloves with E. R. Lyon. This contractor secured the gloves from Littauer Bros., the senior member of the firm, Mr. L. N. Littauer, being a member of congress. Secretary Root has referred the case to the department of justice in order that it may be ascertained if the law has been violated and, if so, that appropriate measures may be taken in the premises.

There is a statute which prohibits contracts for government being made directly or indirectly with a member of congress and this was the basis of the investigation by the war department. Colonel Cartington of the inspector general's department was directed by Secretary Root to make an investigation of the whole matter, which he did, taking testimony, submitting a report as to the facts in the case. This report and the testimony was referred to Judge Advocate General Davis, who made an extensive review and submitted an opinion to Secretary Root. In the course of his report and opinion, General Davis says:

"It appears from the testimony that on Oct. 15, 1898, a contract was awarded to Lyon for 3,000 pairs of musket gloves at \$1.54 per pair; on Dec. 7, 1898, a second contract for 2,500 pairs was awarded to Lyon at \$1.70 per pair; a stipulation being inserted to the effect that deliveries under it could be increased 50 per cent, at the discretion of the officer making the contract. The government took advantage of the stipulation, and 39,041 pairs were actually called for and delivered under the contract of Dec. 7, 1898.

To Divide the Profits.

"Some discussion having arisen as to the price which Lyon was to pay for gauntlets delivered under the contract of Dec. 7, an agreement was entered into between Littauer Bros. and Lyon to effect that an accurate account of the costs of manufacture was to be kept, and after the contract was completed if it should prove that the cost of manufacture did not equal \$1.65 per pair, Lyon was to receive one-half of the profits. There was a profit of \$3,537.95, one-half of which was credited to Lyon on books of Littauer Bros.

"A case falling within the prohibition of the statute is clearly shown in the testimony, which, in the opinion of this office, charges the department with the performance of the duties set forth in Sec. 3739 of the Revised Statutes; and it is therefore, recommended that a demand be made by the quartermaster general upon the firm of Littauer Bros. for the repayment of whatever sum is found to have been paid in consideration of the contract of Dec. 7, 1898, with E. R. Lyon, as extended, in accordance with its terms, by the quartermaster general's department.

It will be observed that Sec. 3739 of the Revised Statutes requires that demands shall be made for the payment of any sum of money which may have been advanced on the part of the United States in consideration of any such contract or agreement and in the case of a refusal or delay to repay the same the statute goes on to require that a suit shall be instituted for the recovery of any such sum of money so advanced, thus making an important distinction between those which retain their executory character.

Referred to the Attorney General.

"Having regard to the highly penal character of the statute above cited, which requires it to receive a strict construction at the hands of the department, it is recommended that the opinion of the attorney general be obtained as to whether, in view of the fact that the contract has been completely executed, that the entire consideration has passed, and that the articles stipulated for have been delivered to and have become the property of the United States, the whole or a portion of the consideration shall be made the subject of the demand."

The report then states that the articles procured were of standard quality and the prices were reasonable, and, so long as the contract was carried out in apparent good faith, made it difficult for the contracting officer to ascertain whether corrupt intent existed.

General Davis recommends that the testimony of the two witnesses who could not be found by Inspector Cartington is rather important, and that the investigation be continued with a view of getting their testimony. When taken, he says it can be referred to the department of justice with other papers in the case.

Secretary Root endorses the report of the judge advocate general, and says that if violation of the law is shown, appropriate measures will be taken for its enforcement, and that an investigation will be instituted to determine whether any army officer is culpable within the true intent of the law.

## KILLED BY A STONE.

Wisconsin Youth Hit in the Temple With a Rock.

Fond du Lac, Wis., Aug. 4.—George Macey, eighteen years old, was killed last night with a stone, which hit him in the temple. The stone was thrown by Fred Scheibach. The stone struck a tree and, glancing off, hit Macey. He lived fifteen minutes. Scheibach has been arrested. He says it was an accident.

## DEFEATS HER PACEMAKER.

Shamrock III Proves a Splendid Racer in Light Winds.

Atlantic Highlands, N. J., Aug. 4.—With all the luck against her, Shamrock III Monday again proved herself a splendid racer in light winds by beating her pacemaker, Shamrock I, 9 minutes and 57 seconds in a thirty-mile windward and leeward race off Sandy Hook.

The wind was not better than five knots when the boats crossed the line, and the windward beat was slow, but all the way home the challenger ran like a witch in a freshening breeze. Shamrock I was more than a mile astern of the challenger at the finish.

Reliance Is Ready to Race.

Bristol, R. I., Aug. 4.—Completely fitted out for her great contest with the Shamrock III, the Reliance left her builder's works Monday and proceeded down the bay to Newport.

## NEW POWER MACHINE.

Engine Expected to Revolutionize the Industrial World.

Wausau, Wis., Aug. 4.—George Partillo, a mill and factory architect, has invented a machine that he calls a buoyant engine, which, he says, will work a revolution in the industrial world. The engine derives its power from the same force which brings a board to the surface of the water after it has been immersed edgewise. Through the use of certain devices Partillo has invented an engine which, he declares, when one-third submerged in still water will, with a six-inch wheel, generate power enough to operate a sewing machine continuously for forty-eight hours.

## FIND THE CONVICTS' TRAIL.

Pursuers Then Turn Back for Reinforcements and Supplies.

Placerville, Cal., Aug. 4.—Last night Sheriff Bosquit received information that Deputy Sheriff Jackson has discovered the trail of the men who killed the two militiamen near the Grand Victory mine Saturday. After thoroughly satisfying themselves that they were on the right track, Jackson and his party returned to Plymouth to secure reinforcements and supplies. It is thought the convicts are heading for Nevada.

## Mother and Child Perish.

Milwaukee, Aug. 3.—Mrs. John Knobel, aged twenty-four, and her baby girl were burned to death at Cranville, near here. The fire was caused by the woman pouring kerosene into the kitchen stove when she supposed the fire had gone out.

## TELEGRAPHIC BREVITIES.

A special grand jury will investigate the alleged legislative boodling in Missouri.

A bad harvest in Spain is said to be primarily responsible for the general strike among workmen of all classes. The plant of the Pittsburgh Plate Glass company at Cincinnati was destroyed by fire last night. Loss, \$150,000.

Baron Speck von Sternberg, the German ambassador, is expected to visit the president at Sagamore Hill next Friday.

The factory of the Western Basket and Box Manufacturing company at San Francisco was destroyed by fire Monday night. Loss, \$85,000.

The new Dominican government has been installed and the country is quiet and business is increasing. The government intends to favor agricultural enterprises.

## HISTORY OF THE VATICAN

Famous Residence of the Pope and His Court.

## VAST PALACE OF MANY ROOMS.

Designed to Be the Greatest Christian Structure of Its Kind, It Covers an Area of About Thirteen Acres and Has Eight Grand Staircases—The Pope Has Only Three Rooms, Furnished Very Simply.

Four centuries and a half have passed since it came into the mind of Pope Nicholas V. to make the Vatican the largest and most beautiful palace of the Christian world, says the New York Herald. He planned to include within its walls all the offices of the papal government. Every cardinal was to be housed within its precincts. But little was accomplished by this pope toward the fulfillment of his purpose. All that he saw finished was the Tower of Borgia and a private chapel.

Nearly every succeeding pope has added something to the building of the Vatican until it has become an immense pile of irregular architecture descriptive of the successive pontificates and tastes of the individual popes who inhabited the palace long enough to leave some impression of their own. After the popes retired from Avignon they found their former residence on the Lateran hill in ruins and adopted the Vatican in its stead in order to obtain the greater security given by the Castle of St. Angelo, close at hand, a covered gallery connecting the palace and the fortress along the north line of the Leonine wall.

Alexander VI. constructed what is known as the old palace, called the Appartamento Borgia, and to this part Sixtus IV. added in 1474 the Sixtine chapel. The Belvedere was erected by Innocent VIII. in 1490, and Julius II. united the Belvedere to the palace by the celebrated loggia. To Julius II. the Vatican is indebted for the beginning of the museum, and its foundations were laid in the gardens of the Belvedere under his initiation. After his death Leo X. completed the loggia, employing Raphael to direct the work.

By 1600 the section of the palace was completed which includes the ordinary residence of the pope. It is the most conspicuous portion of the mass of buildings rising above the piazza of St. Peter. The loggia were enclosed in glass by Pius IX., thus protecting from the weather the frescoes of Raphael, and in the course of his long reign he made many improvements in the picture galleries.

The special work by which Leo XIII. left his mark on the Vatican was the decoration of the Gallery of Candalaria with frescoes by Seitz, with a pavement of precious marbles and antique statuary from recent excavations, while he built a reading room for students in the Vatican library and a new wing for printed books, further conferring an immense boon on foreign students by throwing open the Vatican archives and providing them with accommodation.

The celebrated staircase, the Scala Regia, was constructed by Bernini under Urban VIII. Subsequent popes built the range of apartments for the Museo Pio Clementino and the Egyptian and Etruscan museums. The fourth side of the Cortile di San Damaso was closed by Pius IX., who reconstructed the great staircase leading from the arcades of the piazza into the court.

Altogether the Vatican palace covers an area of about thirteen and one-half acres, of which about six are occupied by the twenty courts, and contains perhaps a thousand halls, chapels, saloons and private apartments, the greater part of which are occupied by collections and showrooms, a comparatively small part of the building being set apart for the papal court.

The length of the palace is 1,151 feet and its breadth 767. It has eight grand staircases. The principal entrance to the Vatican is at the end of the right colonnade of St. Peter's, where a door on the right opens upon the staircase leading to the Cortile di Damaso. The famous Sixtine chapel, which figures so prominently in connection with a pope's death and the election of his successor, was formerly hung on festivals with the tapestries executed from the cartoons of Raphael. The upper portion is decorated in fresco by the great Florentine masters of the fifteenth century. On the pillar between the windows are the figures of twenty-eight popes by Sandro Botticelli. The vast fresco of "The Last Judgment" occupied Michael Angelo seven years and was finished in 1541 under Paul III.

Only those strangers admitted to a special audience ever see the small portion of the Vatican inhabited by the pope. The three rooms occupied by the pontiff are furnished with the utmost simplicity. They consist of the bare green saloon, the red saloon, containing a throne flanked by benches, and the bedroom, with yellow draperies, a large writing table and a few pictures by old masters.

From the windows of the Egyptian museum one can look down upon the inner garden of the Vatican known as the Giardini della Pigna, from the famous Pigna, a gigantic fur cone, said once to have crowned the summit of the mausoleum of Hadrian.

The garden was the second great quadrangle of the Vatican, planted with shrubs and flowers under Pius IX., but has been neglected for many years. From the outer courtyard one enters the larger garden, but as this was constantly used by the pope admittance was gained to it only as a matter of the rarest privilege. Pope Pius IX. used to ride here on his white mule.

## IMPORTANT DISCOVERY.

Immense Ore Deposit Located on the Mesaba Range.

Duluth, Aug. 4.—Captain J. H. Pearce of Duluth and James Geary of Hibbing, have made a discovery of an important ore deposit on the Mesaba range in the forty described as the Southeast quarter of the Northwest quarter of Section 25, Township 58, Range 17. The face of the land is owned by the Robinson-Flynn syndicate, and the land is but a short distance from the Pettit mine, near McKinley.

The ore is of excellent quality. Five of the holes have shown a depth in ore of from 250 to more than 300 feet. The estimated size of the deposit is something over 3,000,000 tons, making it one of the most important discoveries on the Mesaba this year.

## Hundreds of Buildings Burned.

Constantinople, Aug. 4.—A conflagration has devastated Armenians in the village of Adan, Asia Minor. The mosque, the other public buildings, 400 shops and 600 houses were destroyed. There is great distress and a relief fund has been started.

## PAPERS MADE PUBLIC

SECRETARY ROOT GIVES OUT RE-  
SULTS OF INVESTIGATION  
INTO A CONTRACT.

## CONGRESSMAN IS INVOLVED

MATTER REFERRED TO DEPART-  
MENT OF JUSTICE FOR OPIN-  
ION ON THE CASE.

Washington, Aug. 4.—Secretary Root Monday made public all the papers relating to the investigation into the government contract for gloves with E. R. Lyon. This contractor secured the gloves from Littauer Bros., the senior member of the firm, Mr. L. N. Littauer, being a member of congress. Secretary Root has referred the case to the department of justice in order that it may be ascertained if the law has been violated and, if so, that appropriate measures may be taken in the premises.

There is a statute which prohibits contracts for government being made directly or indirectly with a member of congress and this was the basis of the investigation by the war department. Colonel Cartington of the inspector general's department was directed by Secretary Root to make an investigation of the whole matter, which he did, taking testimony, submitting a report as to the facts in the case. This report and the testimony were referred to Judge Advocate General Davis, who made an extensive review and submitted an opinion to Secretary Root. In the course of his report and opinion, General Davis says:

"It appears from the testimony that on Oct. 15, 1898, a contract was awarded to Lyon for 3,000 pairs of musket gloves at \$1.54 per pair; on Dec. 7, 1898, a second contract for 2,000 pairs was awarded to Lyon at \$1.70 per pair; a stipulation being inserted to the effect that deliveries under it could be increased 50 per cent, at the discretion of the officer making the contract. The government took advantage of the stipulation, and 26,041 pairs were actually called for and delivered under the contract of Dec. 7, 1898.

To Divide the Profits.

"Some discussion having arisen as to the price which Lyon was to pay for gauntlets delivered under the contract of Dec. 7, an agreement was entered into between Littauer Bros. and Lyon to effect that an accurate account of the costs of manufacture was to be kept, and after the contract was completed, if it should prove that the cost of manufacture did not equal \$1.65 per pair, Lyon was to receive one-half of the profits. There was a profit of \$3,537.95, one-half of which was credited to Lyon on books of Littauer Bros.

"A case falling within the prohibition of the statute is clearly shown in the testimony, which, in the opinion of this office, charges the department with the performance of the duties set forth in Sec. 3,739 of the Revised Statutes, and it is therefore recommended that a demand be made by the quartermaster general upon the firm of Littauer Bros. for the repayment of whatever sum is found to have been paid in consideration of the contract of Dec. 7, 1898, with E. R. Lyon, as extended, in accordance with its terms, by the quartermaster general's department.

It will be observed that Sec. 3,739 of the Revised Statutes requires that demands shall be made for the payment of any sum of money which may have been advanced on the part of the United States in consideration of any such contract or agreement and in the case of a refusal or delay to repay the same the statute goes on to require that a suit shall be instituted for the recovery of any such sum of money so advanced, thus making an important distinction between those which retain their executory character.

Referred to the Attorney General.

"Having regard to the highly penal character of the statute above cited, which requires it to receive a strict construction at the hands of the department, it is recommended that the opinion of the attorney general be obtained as to whether, in view of the fact that the contract has been completely executed, that the entire consideration has passed, and that the articles stipulated for have been delivered to and have become the property of the United States, the whole or a portion of the consideration shall be made the subject of the demand."

The report then states that the articles procured were of standard quality and the prices were reasonable, and so long as the contract was carried out in apparent good faith, made it difficult for the contracting officer to ascertain whether corrupt intent existed.

General Davis recommends that the testimony of the two witnesses who could not be found by Inspector Cartington is rather important, and that the investigation be continued with a view of getting their testimony. When taken, he says it can be referred to the department of justice with other papers in the case.

Secretary Root endorses the report of the judge advocate general, and says that if violation of the law is shown, appropriate measures will be taken for its enforcement, and that an investigation will be instituted to determine whether any army officer is culpable within the true intent of the law.

## KILLED BY A STONE.

Wisconsin Youth Hit in the Temple With a Rock.

Fond du Lac, Wis., Aug. 4.—George Macey, eighteen years old, was killed last night with a stone, which hit him in the temple. The stone was thrown by Fred Scheibach. The stone struck Macey on the temple, and he was killed. He lived fifteen minutes. Scheibach has been arrested. He says it was an accident.

## DEFEATS HER PACEMAKER

Shamrock III Proves a Splendid Racer in Light Winds.

Atlantic Highlands, N. J., Aug. 4.—With all the luck against her, Shamrock III Monday again proved herself a splendid racer in light winds by beating her pacemaker, Shamrock I, 9 minutes and 57 seconds in a thirty-mile windward and leeward race off Sandy Hook.

The wind was not better than five knots when the boats crossed the line, and the windward beat was slow, but all the way home the challenger ran like a witch in a freshening breeze. Shamrock I was more than a mile astern of the challenger at the finish.

Reliance Is Ready to Race.

Bristol, R. I., Aug. 4.—Completely fitted out for her great contest with the Shamrock III, the Reliance left her builder's works Monday and proceeded down the bay to Newport.

## NEW POWER MACHINE.

Engine Expected to Revolutionize the Industrial World.

Wausau, Wis., Aug. 4.—George Partillo, a mill and factory architect, has invented a machine that he calls a buoyant engine, which, he says, will work a revolution in the industrial world. The engine derives its power from the same force which brings a board to the surface of the water after it has been immersed edgewise. Through the use of certain devices Partillo has invented an engine which, he declares, when one-third submerged in still water will, with a six-inch wheel, generate power enough to operate a sewing machine continuously for forty-eight hours.

## FIND THE CONVICTS' TRAIL.

Pursuers Then Turn Back for Reinforcements and Supplies.

Placerville, Cal., Aug. 4.—Last night Sheriff Bosquit received information that Deputy Sheriff Jackson has discovered the trail of the men who killed the two militiamen near the Grand Victory mine Saturday. After thoroughly satisfying themselves that they were on the right track, Jackson and his party returned to Plymouth to secure reinforcements and supplies. It is thought the convicts are heading for Nevada.

## Mother and Child Perish.

Milwaukee, Aug. 3.—Mrs. John Knebel, aged twenty-four, and her baby girl were burned to death at Cranville, near here. The fire was caused by the woman pouring kerosene into the kitchen stove when she supposed the fire had gone out.

## TELEGRAPHIC BREVITIES.

A special grand jury will investigate the alleged legislative boodling in Missouri.

A bad harvest in Spain is said to be primarily responsible for the general strike among workmen of all classes.

The plant of the Pittsburgh Plate Glass company at Cincinnati was destroyed by fire last night. Loss, \$150,000.

Baron Speck von Sternberg, the German ambassador, is expected to visit the president at Sagamore Hill next Friday.

The factory of the Western Basket and Box Manufacturing company at San Francisco was destroyed by fire Monday night. Loss, \$85,000.

The new Dominican government has been installed and the country is quiet and business is increasing. The government intends to favor agricultural enterprises.

## HISTORY OF THE VATICAN

Famous Residence of the Pope and His Court.

## VAST PALACE OF MANY ROOMS.

Designed to Be the Greatest Christian Structure of Its Kind, It Covers an Area of About Thirteen Acres and Has Eight Grand Staircases—The Pope Has Only Three Rooms, Furnished Very Simply.

Four centuries and a half have passed since it came into the mind of Pope Nicholas V. to make the Vatican the largest and most beautiful palace of the Christian world, says the New York Herald. He planned to include within its walls all the offices of the papal government. Every cardinal was to be housed within its precincts. But little was accomplished by this pope toward the fulfillment of his purpose. All that he saw finished was the Tower of Borgia and a private chapel.

Nearly every succeeding pope has added something to the building of the Vatican until it has become an immense pile of irregular architecture descriptive of the successive pontificates and tastes of the individual characters and tastes of the various popes who inhabited the palace long enough to leave some impression of their own. After the popes retired from Avignon they found their former residence on the Lateran hill in ruins and adopted the Vatican in its stead in order to obtain the greater security given by the Castle of St. Angelo, close at hand, a covered gallery connecting the palace and the fortress along the north line of the Leonine wall.

Alexander VI. constructed what is known as the old palace, called the Appartamento Borgia, and to this part Sixtus IV. added in 1474 the Sixtine chapel. The Belvedere was erected by Innocent VIII. in 1490, and Julius II. united the Belvedere to the palace by the celebrated loggia. To Julius II. the Vatican is indebted for the beginning of the museum, and its foundations were laid in the gardens of the Belvedere under his initiation. After his death Leo X. completed the loggia, employing Raphael to direct the work.

By 1600 the section of the palace was completed which includes the ordinary residence of the pope. It is the most conspicuous portion of the mass of buildings rising above the piazza of St. Peter. The loggia were enclosed in glass by Pius IX., thus protecting from the weather the frescoes of Raphael, and in the course of his long reign he made many improvements in the picture galleries.

The special work by which Leo XIII. left his mark on the Vatican was the decoration of the Gallery of Candalaria with frescoes by Seitz, with a pavement of precious marbles and antique statuary from recent excavations, while he built a reading room for students in the Vatican library and a new wing for printed books, further conferring an immense boon on foreign students by throwing open the Vatican archives and providing them with accommodations.

The celebrated staircase, the Scala Regia, was constructed by Bernini under Urban VIII. Subsequent popes built the range of apartments for the Museo Pio Clementino and the Egyptian and Etruscan museums. The fourth side of the Cortile di San Damaso was closed by Pius IX., who reconstructed the great staircase leading from the arcades of the piazza into the court.

Altogether the Vatican palace covers an area of about thirteen and one-half acres, of which about six are occupied by the twenty courts, and contains perhaps a thousand halls, chapels, saloons and private apartments, the greater part of which are occupied by collections and showrooms, a comparatively small part of the building being set apart for the papal court.

The length of the palace is 1,151 feet and its breadth 767. It has eight grand staircases. The principal entrance to the Vatican is at the end of the right colonnade of St. Peter's, where a door on the right opens upon the staircase leading to the Cortile di Damaso. The famous Sixtine chapel, which figures so prominently in connection with a pope's death and the election of his successor, was formerly hung on festivals with the tapestries executed from the cartoons of Raphael. The upper portion is decorated in fresco by the great Florentine masters of the fifteenth century. On the pillar between the windows are the figures of twenty-eight popes by Sandro Botticelli. The vast fresco of "The Last Judgment" occupied Michael Angelo seven years and was finished in 1541 under Paul III.

Only those strangers admitted to a special audience ever see the small portion of the Vatican inhabited by the pope. The three rooms occupied by the pontiff are furnished with the utmost simplicity. They consist of the bare green saloon, the red saloon, containing a throne flanked by benches, and the bedroom, with yellow draperies, a large writing table and a few pictures by old masters.

From the windows of the Egyptian museum one can look down upon the inner garden of the Vatican known as the Giardini della Pigna, from the famous Pigna, a gigantic fur cone, said once to have crowned the summit of the mausoleum of Hadrian.

The garden was the second great quadrangle of the Vatican, planted with shrubs and flowers under Pius IX. but has been neglected for many years. From the outer courtyard gate enters the larger garden, but as this was constantly used by the pope admittance was gained to it only as a matter of the rarest privilege. Pope Pius IX. used to ride here on his white mule.

## WANTS.

Notices under this head will be charged for at the rate of one-half cent a word for each insertion, strictly cash in advance, unless advertiser has ledger account with the office, but no ad will be taken for less than 10 cents.

LOST—A roll of paper currency. Finder return to DISPATCH office for reward. 53-3

## IMPORTANT DISCOVERY.

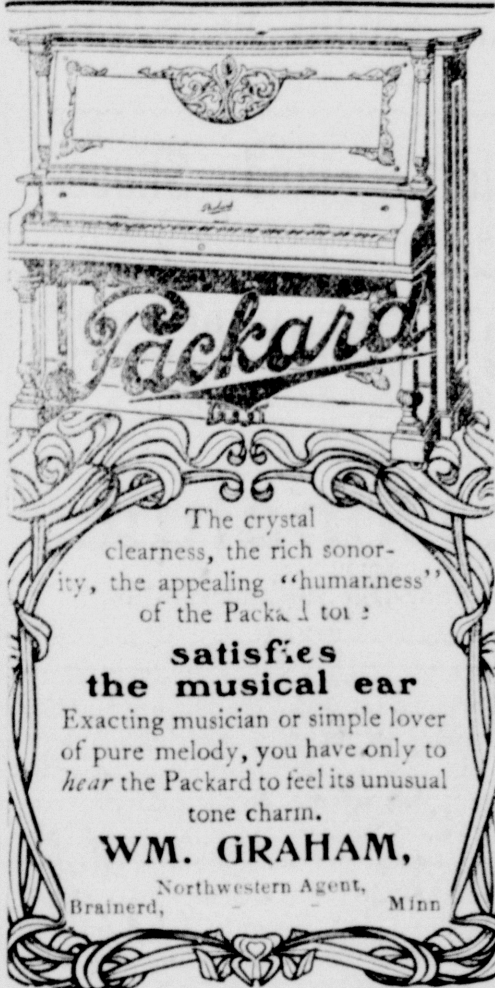

Immense Ore Deposit Located on the Mesaba Range.

Duluth, Aug. 4.—Captain J. H. Pearce of Duluth and James Geary of Hibbing, have made a discovery of an important ore deposit on the Mesaba range in the forty described as the Southeast quarter of the Northwest quarter of Section 25, Township 58, Range 17. The fee of the land is owned by the Robinson-Flynn syndicate, and the land is but a short distance from the Pettit mine, near McKinley.

The ore is of excellent quality. Five of the holes have shown a depth in ore of from 250 to more than 300 feet. The estimated size of the deposit is something over 3,000,000 tons, making it one of the most important discoveries on the Mesaba this year.

## Hundreds of Buildings Burned.

Constantinople, Aug. 4.—A conflagration has devastated Armenians, in the vilayet of Adan, Asia Minor. The mosque, the other public buildings, 400 shops and 60 houses were destroyed. There is great distress and a relief fund has been started.

The crystal  
clearness, the rich sonor-  
ity, the appealing "humanness"  
of the Packard to  
satisfies  
the musical ear  
Exacting musician or simple lover  
of pure melody, you have only to  
hear the Packard to feel its unusual  
tone charm.
